AIDS and Masculinity in the African City tackles this issue head on and examines how AIDS has altered the ways masculinity is lived in Uganda—a country known as Africa's great AIDS success story.

**AIDS and Masculinity in the African City | Colorado Arts ...** 5 The Intersection of Masculinity, Sexuality, and AIDS (pp. 160-204) The AIDS epidemic has made men's control over the terms of sex and men's privilege of having multiple sexual partners more convoluted and contentious. Yet while AIDS has complicated aspects of masculine sexual privilege, it has not truly challenged it.

**AIDS and Masculinity in the African City: Privilege ...** AIDS stigma, therefore, is an effective means of reinforcing gender boundaries and deterring the types of crossing over that could destabilise hegemonic masculinity. This conceptual framework helps us understand men's experiences of AIDS stigma and see how stigma is tied to masculinity and gender inequality.

**Masculinity and the persistence of AIDS stigma** Abstract Gender has long been recognized as being key to understanding and addressing HIV and AIDS. Gender roles and relations that structure and legitimate women's subordination and simultaneously foster models of masculinity that justify and reproduce men's dominance over women exacerbate the spread and impact of the epidemic.
