Of course that's complete B.S. If that were the key to success Toyota would be nowhere as big as they are. But more to the point, it's based on a completely rose-colored idea of what 1960s cars were like. GM and others made plenty of dull family sedans back then, too. It's just that those aren't the cars people tend to remember.

Vintage Kodachrome Snapshots: Gas Stations of the 50s and 60s

Old American cars, today's valued Cuban vintage cars, survived and were kept running just because their owners needed them as a means of transportation and to provide for the family, mainly since the 90s, when the economic crisis and the boom of tourist industry made these classics attractive again, a very profitable possession.
