Color Of Money Book 2

A swift, beautiful, and chastening book, The Color of Money reminds us, yet again, that black poverty is not really an economic problem, but rather a political problem requiring political solutions.”—N. D. B. Connolly, author of A World More Concrete: Real Estate and the Remaking of Jim Crow South Florida

The Color of Money: Black Banks and the Racial Wealth Gap ...

The Color of Money pursues the persistence of this racial wealth gap by focusing on the generators of wealth in the black community: black banks. Studying these institutions over time, Mehrsa Baradaran challenges the myth that black communities could ever accumulate wealth in a segregated economy.

The Color of Money — Mehrsa Baradaran | Harvard University ...

The Color of Money seeks to explain the stubborn persistence of this racial wealth gap by focusing on the generators of wealth in the black community: black banks. With the civil rights movement in full swing, President Nixon promoted “black capitalism,” a plan to support black banks and minority-owned businesses.

I think of myself as pretty informed about financial history in the United States, but Mehrsa Baradaran’s The Color of Money: Black Banks and the Racial Wealth Gap covers a whole area of history about which I knew very little. In a narrow sense Baradaran’s book is about the history of black-owned and black-customer-oriented banks. ... Continue reading "Book Review: The Color Of Money"
