Routledge Library Editions: Political Science - Book ...

The intrinsic justness of democracy is challenged, the relationship between justice, democracy and impartiality queried and the relationship between justice, democracy and the common good examined. Further chapters explore the problem of social exclusion and issues surrounding sub-national groups in the context of democracy and justice.

Justice and Democracy edited by Keith Dowding

The works are gathered together under four thematic headings, giving the reader a flavour of the kinds of arguments and visions of deliberative democracy. The first part contains essays presenting the main features and arguments employed to justify attributing some epistemic value to deliberative democracy.

Democracy (Greek: δημοκρατία, dēmokratiā, from dēmos 'people' and kratos 'rule') is a form of government in which the people have the authority to choose their governing legislation. Who people are and how authority is shared among them are core issues for democratic theory, development and constitution. Cornerstones include freedom of assembly and speech, inclusiveness and equality ...
