Polygamous Families In Contemporary Society

One stable and smoothly functioning older family operates according to a clearly formulated "theory" about plural family life. The second family is young and growing and has not yet developed a consistent approach to family structure and function; its members are continually experimenting and searching for ways to live this challenging lifestyle.

In spite of these reservations, Altman and Ginat point out that in contemporary American society, polygamous marriages still exist. The existence and persistence of such "unacceptable" forms of marriage, they argue, results in part from the fact that polygamous partners view their form of marriage as a religious act-a "calling" in Weberian terms.

Going back into time our forefathers married many wives as a sign of wealth and power. In modern-day society, polygamy is often viewed as a patriarchal practice that is there only to oppress women and magnify men's egos. As such in many countries, polygamy is illegal, but in Zimbabwe it is perfectly legal under the Customary Marriages Act.
