Georges Benko & Ulf Strohmayer (eds.), Space and Social ...

The sociology of space is a sub-discipline of sociology that mostly borrows from theories developed within the discipline of geography, including the sub fields of human geography, economic geography, and feminist geography.

Read Free Space And Social Theory

The "sociology" of space examines the social and material constitution of spaces.

Postmodernity

analytical frameworks, or paradigms, that are used to study and interpret social phenomena. A tool used by social scientists, social theories relate to historical debates over the validity and reliability of different methodologies (e.g. positivism and antipositivism), the primacy of either structure or agency, as well as the relationship
