## **10 Steps for teaching children to read**

Teaching children word families is a phonemic awareness activity that helps children see patterns in reading. This is an important skill because it allows children to begin “reading” by grouping sets of letters within a word. The first part of a word is called the onset and the last part of the word is conveniently called the rime.

Point at the words when you read them, or point at them when your child is trying to read the story. Over time, with lots of rereading, don't be surprised if your child starts to recognize words such as “I” or “like.” (As children learn some of the words, you can write them on cards and keep them in a “word bank” for your child, using them to review later.)
