becoming a technical writer requires a mastery of a certain set of skills. This skill set used to involve primarily writing and illustration skills, as large manuals for print publication were the standard in the profession.

Which Skills Are Important for a Technical Writer?

In "Technical Writing, Presentational Skills,

and Online
Communication,"
computer science
professor Raymond
Greenlaw notes that
the "writing style in
technical writing is
more prescriptive than
in creative writing. In
technical writing, we
are not so much
concerned about
entertaining the
audience as we are
about conveying
specific information to
our readers in a
